## California DFG Home Study/On-Line Hunter Education

This 4-hour class lets you rely on your experience, home study and internet pre-study course to prepare.

### Class objectives

- Address questions from internet pre-study course
- Review of key information
- Hands-on firearms session (no live fire)
- Administer Department of Fish & Game Hunter Education Test

### Note:

- 1) The recommended age for attendance in this course is 18 years of age and older. A parent or legal Guardian must accompany any student under the age of 18 so that necessary consents, releases and waivers can be signed at the beginning of the class.
- 2) Due to the home study nature of the course, advanced registration is required. Registration will be cut-off when the class limit (10) is reached. Class with less than 3 students will be rescheduled.
- 3) Students must successfully complete the on-line portion of at least one home study course, print out, and bring to class proof of successful completion.
- 4) The written test will only be given once. A passing score is 80 percent. This is NOT an easy test. Failure will require registration for a new class.
- 5) The On-Line Course is intended for hunters with previous experience OR those who are willing to study extra hard on their own. It is recommended that ALL on-line study resources be used:
